

CarolAnne-

I wanted to thank you for all the work you and A Changing Season did to facilitate and ease my dad's transition from his home of almost 30 years to his new apartment.

You all did a tremendous job helping us plan and execute dad's move. The job you did on the estate sale and cleanout afterward was equally great. I personally appreciated your hands on approach throughout. Dad and I both felt we were treated fairly throughout and the financial results of the estate sale were better than either of us hoped.

Perhaps the greatest compliment I can offer is that you gained my dad's confidence from the beginning and never gave him a moments doubt about choosing to work with A Changing Season.

Thanks again.  
Don

CarolAnne does exceptional work in assisting people to downsize, arrange their move and set up their new home. She assisted my elderly mother twice. She is very organized, efficient and caring, arranging all details. I highly recommend A Changing Season for your move.
